DEVELOPMENT DEPARTMENT.

Note for Post Facto Approval by full Cabinet of Expenditure on new service scheme already sanctioned as it was emergent.

As one of the measures to increase the production of short-term crops due to failure of the North East Monsoon, the Director of Agriculture submitted a proposal to intensify the propaganda for increasing the cultivation of root crops -like sweet potatoes, tapioca and KURKAN wherever possible. For this purpose he suggested that a special allotment of Rs.1000 for each district may be sanctioned for the free supply of plating material for raising the above root crops. The Government agreed with the Director of Agriculture and sanctioned a grant of Rs.26,000, at the rate of Rs.1,000/- for each district. The Government of India are being addressed for a half grant. The expenditure is on a 'New Service" and the scheme should normally have been placed before the Standing Finance Committee and the Cabinet before orders were issued. But as the matter was of extreme urgency relating to food production the scheme has been sanctioned in G.O.Ms.No.1233, Development, dated 12th March 1948, after approval by the Hon'ble Minister (Agriculture), Hon'ble Minister (Food), Hon'ble Minister (Finance), and Hon'ble Premier with reference to instruction II (iii) in Annexure to Finance U.O. Note dated 21st December 1947. A copy of this note is circulated simultaneously to the remaining Hon'ble Ministers, the Chief Secretary and the Finance Department.
